Nurses Month Week Two Recap

Hard to believe we are already wrapping Week 2: with the theme of Recognition for Nurses Month! Every week in May we will feature a theme as we work to promote nursing across the country and right here in Iowa. If you missed the details for this week's theme, check out the [INA website](#) now!

ANA Rolls Out Newest Member Benefit: Flash Mentoring

This National Nurses Month, ANA is celebrating you and all the ways you make a difference as a nurse. That makes it the perfect time to

announce the newest ANA member benefit - [Flash Mentoring!](#)

The ANA Flash Mentoring Program is a flexible program that can be tailored to fit your needs.

- Year-Round: The Flash Mentoring Program is available year-round, so you can choose when you want to participate.
- Not Tenure Based: You can participate as a mentor or mentee regardless of your years of experience.
- Short-term vs. Long-term: The Flash Mentoring Program is designed to provide short-term support, while the Career Mentoring Program is designed to provide long-term support.

May

Educational Opportunities

FREE WEBINAR: Asking and Advocating for What Nurses Need

Asking and Advocating for What Nurses Need, developed by the ANA policy and government affairs team, will present a case study on how nurses working collectively at the grassroots, state, and federal levels are generating substantive changes in preventing workplace violence.

Join us on May 17 at noon and earn 1.5 CNE hours.

Register today.

American Heart Association to Host FREE Stroke Conference in Iowa

The American Heart Association as part of the Iowa Mission: Lifeline Stroke Initiative “The Patient Journey” is set to host a one day conference on June 8, 2023, at the Holiday Inn Des Moines Airport. There will be two conference tracks offered.

Acute Care Track includes topics such as neurobehavioral programming, pre-hospital care, hemorrhagic stroke, TIAs, ischemic stroke treatment, LVO treatment options, and a survivor story.

Rehab Track includes topics such as neurobehavioral programming, mental health and stroke, building and sustaining stroke support groups, medical management of the post-acute stroke patient, dysphagia, pediatric stroke, rehab nursing, and a survivor story.
